EXPERIENCE

Chowking - Crew Member

March 2025 - January 2026

Las Piñas, Metro Manila, Philippines

- Applied basic concepts of **Managerial Economics** and operations management in a real-world service setting.
- **Team Leader**: Collaborated with team members to maintain operational efficiency and customer service standards.
- Developed adaptability, pressure handling, and time management skills while balancing full-time work and academic duties.

SEMINARS

- Beyond the Figures: Economics and Finance Symposium – (2024)
- **BSP Financial Education Stakeholders' Congress** – (2024) Bangko Sentral ng Pilipinas
- Young Traders Summit 2026: Investing in an Imperfect Nation – Participant (2026) University of the Philippines School of Economics (UPSE)

ACADEMIC PROJECTS

- **PHILIPPINE EXPORT AND IMPORT STATISTICS (1990-2023):[A COMPREHENSIVE STUDY | Group Leader (2025)**
 - Collaborated with and led the group in creating a comprehensive study about the country's export and import trade history across different administrations from years 1990 - 2023. Analyzed policies and their effects on the country's trade balance.
- **An Impact Analysis of the Universal Access to Quality Tertiary Education Act (RA 10931) on Higher Education Enrollment Rates in the Philippines: A Time-Series Study, 2010–2022 | Group Leader**
 - Led the team in creating the final paper for the Econometrics course. Created a time-series study examining the relationship between RA 10931 and enrollment rate trends in the Philippines.
- **Global Winners and Losers of the Iran War | Personal Research**
 - Created a timely paper for a Monetary Economics news briefing about the winners and losers of the Iran-US-Israel conflict and its effects on global economies.
- **Montelora Development Plan | President**
 - Led the team in planning economic policy proposals for a simulated International Economics activity on the fictional country of Montelora. The final output was based on the Philippine Development Plan 2023 - 2028.
- **InterSEXtions Academic Activity | Group Leader (2026)**
 - Led conceptual planning, coordination, and presentation preparation for an academic socio-economic activity on Pakistan's gender dynamics.
- **Impact of National Road Density on Regional Non-Agricultural Private Sector Employment in the Philippines (2012-2024) | Thesis Leader**
 - Constructed a 208-observation panel dataset using Philippine Statistics Authority (PSA) labor, demographic, and regional accounts data and Department of Public Works and Highways (DPWH) infrastructure data.
